

# The Saint John's Prep Advantage

## A True Home Away From Home

### Don't just live on campus. Thrive.

We provide an engaging, family-style residential experience in a safe, structured, and supervised setting. We know our students by name and support them holistically – academically, socially, emotionally, and spiritually. Our residence hall is a place where students develop lasting relationships, discover their passions, and develop their talents.

Residential Life at Prep brings together students from around the world and across the U.S., creating a rich cultural exchange that values inclusion and community.

**Our students build cross-cultural friendships that prepare them for life and last a lifetime.**

Boarding students are deeply immersed in campus life. They experience Prep seven days a week, participating in athletics, clubs, arts, and leadership experiences. Weekends feature community activities on and off campus. They also fully experience life on the campus of Saint John's University, eating at the university cafeteria, studying at the university library, and attending university events.

Students develop independence, character, and connection rooted in the Benedictine Values that define life at Prep. Our Faculty Residents develop strong relationships with students, emphasizing belonging, safety, and well-being and promoting balance and responsibility.

**Personal. Safe. Supported.**  
**An exceptional community experience.**
